CARDIOLOGY UPDATE 2016
CONVENTIONAL WISDOM AND BEYOND

For Physicians & Healthcare Professionals Only

To Support the Vision of the
Melanie & Richard Lundquist Cardiovascular Institute
This symposium is presented in collaboration with Torrance Memorial's
Medical Staff and Advanced Practice Nurse Council.

Friday, April 29, 2016
Breakfast/Registration: 7:00 a.m. - 8:00 a.m.
Conference: 8:00 a.m. - 5:00 p.m.
Torrance Memorial Medical Center
Hoffman Health Conference Center
3315 Medical Center Drive, Torrance, CA 90505

Statement of Need: Cardiovascular disease remains the leading cause
death worldwide and recognizing patients at risk is the key to early
interventions and decreased morbidity and mortality. Please join us to
hear Marc Gillinov, M.D., Paul Thompson, M.D., Paul Teirstein, M.D.
and other nationally renowned leaders in cardiovascular and metabolic
diseases provide evidence-based information about new treatment
guidelines and advancements in heart failure, cardiometabolic
disorders/diabetes, valvular disease and coronary artery disease.

Target Audience: cardiologists, internists, family practitioners,
edocrinologists, cardiac surgeons, electrophysiologists, emergency
physicians, nurses and other healthcare professionals.

Educational Objectives: Upon completion of this program participants
should be able to:
- Identify patients at risk for cardiovascular disease
- Be aware of cultural disparities associated with cardiovascular
disease risk, including ethnicity, age, gender & smoking
- Select appropriate diagnostic tools & therapeutic options
- Improve patient care outcomes & quality of life
- Describe ways to prevent cardiovascular disease

Torrance Memorial Medical Center is accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA) to provide continuing medical education for physicians.

Torrance Memorial Medical Center designates this live activity for a maximum of 8 AMA PRA Category 1 credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This credit may also be applied to the CMA Certification in Continuing Medical Education.

Provider approved by the California Board of Registered Nursing, Provider Number 300, for 8 contact hours.

Commercial Support: This activity is supported by educational grants from Abbott Vascular, Boston Scientific, Gilead Sciences, Inc., Medtronic Cardiac Rhythm & Heart Failure Division, Medtronic Diabetes Division and Spectranetics.

Mitral Valve Repair: State of the Art
Marc Gillinov, M.D.

Aortic Valve Disease
Paul Teirstein, M.D., FACC

Update: STEMI, NSTEMI, Troponin & Timing
William French, M.D., FACC

Point-Counterpoint Debate:
High Risk Coronary Disease - Percutaneous Coronary Intervention vs. Bypass Surgery
William French, M.D., FACC & Jack Sun, M.D.

Role of MCS & ECMO in Cardiogenic Shock
Jaime Morishige, M.D., FACC

Cardiovascular Health Literacy:
From Primary Prevention to PAD Prevention
Alan Hirsch, M.D.

SGLT-2 Inhibitors & CVD Risk Reduction:
A Diabetes Drug That Reduces CVD Mortality
Anne Peters, M.D.

Update on Lipid Management:
New Guidelines, New Drugs
Paul Thompson, M.D.

Sleep-Disordered Breathing & Heart Failure
Adam Pleister, M.D.

Guiding Heart Failure Management with Biomarkers
Alan Maisel, M.D., FACC

Stem Cell Therapy for Cardiovascular Disease 2016
Timothy Henry, M.D., FACC

New Advancements in the Treatment of Cardiac Arrhythmias
Michael Shehata, M.D., FACC

Management of Atrial Fibrillation in 2016
Matthew Ostrom, M.D., FACC

Endorsed by the American College of Cardiology
